

NJGIN Data Policy

The State of New Jersey makes great effort to provide secure, accurate, and complete data and metadata. However, portions of the data and metadata may be incorrect or not current. Any errors or omissions should be reported for investigation.

Data users are urged to read the metadata accompanying the data in order to understand the fitness for use of the data, and any special restrictions beyond those listed below. In particular, most spatial data sets are not survey data and must not be used as survey data.

Acknowledgement of the provider, NJ Office of Information Technology, Office of GIS (NJOGIS), is requested for maps, data or other products derived from data NJOGIS distributes.

The data and metadata are provided "as is." No warranty of any kind, implied, expressed, or statutory, including but not limited to the warranties of non-infringement of third party rights, title, merchantability, fitness for a particular purpose, and freedom from computer virus, is given with respect to the data and metadata, or its hyperlinks to other Internet resources. Reference in the data or metadata to any specific commercial products, processes, or services, or the use of any trade, firm, or corporation name is for the information and convenience of the public, and does not constitute endorsement, recommendation, or favoring by the State of New Jersey, or its officers, employees or agents.

The State disclaims any duty or obligation either to maintain availability of, or to update, the data and metadata.

The data or metadata may contain hypertext or links to other internet computer sites, which are not owned, operated, controlled or reviewed by the State. These links are provided solely as a courtesy and convenience to users. The State makes no representations as to the accuracy or availability of these links and any information contained therein.

The State of New Jersey, its officers or employees, exercise no control over the organizations, views, accuracy, copyright or trademark, compliance or the legality of the material contained on those sites and do not sponsor, endorse, or approve the information, content, proceeds, materials, opinions or services contained on such external sites. The visitor proceeds to those external sites at their own risk. The State of New Jersey specifically disclaims any and all liability from damages, which may result from the accessing of a third-party site, which is linked to the data or metadata, or from reliance upon only such information.

The State of New Jersey, its officers, employees or agents shall not be liable for damages or losses of any kind arising out of, or in connection with, the use or performance of data and metadata, including but not limited to, any damages or losses caused by reliance upon the accuracy or timeliness of any such data and metadata, or any damages incurred from the viewing, distributing, or copying of those materials.
