MAPPING INTERNSHIP OPPORTUNITY

The State of NJ has several Digital Equity initiatives to ensure that our residents, businesses, and communities have equitable access to affordable and fast Internet service. In support, the NJ Office of Geographic Information Systems (GIS), https://njgin.nj.gov, maintains a digital map depicting broadband internet access for every address in New Jersey.

The internship position will work under direct supervision to validate the broadband address map, focusing on areas with recent updates. GIS experience is not required. Instruction will be provided in the use of GIS and mapping software tools to review, check and flag erroneous address locations on a digital GIS map. Open to all majors and fields of study. The ability to use a computer and read maps is required as is a willingness to learn.

📅 **When:** June 2, 2025 to August 29, 2025. Flexible start and end dates for the right candidate.

🖥️ **What:** One full time internship position, 9:00 am – 4:30 pm, unpaid.

📍 **Where:** 200 Riverview Plaza Trenton, NJ 08625

If interested, please contact: **Arthur Sarnese**, OIT.Internship@tech.nj.gov
